- Your ID, and if patient is a minor, the minor's identification card or birth certificate
- Patient's insurance card
- If appropriate, Traveling authorization/Guardian authorization

# Island Health Care – Consent for Treatment

Patient Name \_\_\_\_\_ Date of Birth \_\_\_\_\_  
(Printed) (MM/DD/YYYY)

I hereby give my consent and authorize Island Health Care to treat any medical condition providing that the care provider has explained my condition to me, the treatment procedures and alternative methods of treating my condition. The care provider has discussed with me foreseeable risks of the above stated treatment and that there may be undesirable results.

I authorize the care provider to perform any additional or different treatment, which is thought necessary should, during treatment, a condition be discovered which was not known previously.

I understand that Island Health Care operates a primary care practice that integrates behavioral health services, which means behavioral health staff are part of my medical team and experience, and that being seen by a behavioral health provider through primary care may result in additional charges to my insurance. This may also result in an additional copayment or coinsurance. I acknowledge that in cases of insufficient coverage, I will be held responsible for the remaining balance.

I have carefully read and fully understand this Informed Consent Form and all of my questions have been adequately answered.

## Treatment, Payment and Data Agreement

- I authorize examination and treatment for this and all following medical visits.
- I understand I am personally responsible for all charges and deductibles. Financial assistance is available for those who qualify.
- I am personally responsible for providing accurate and current insurance information.
- I authorize a photocopy of this statement to serve as the original and the use of this signature on all insurance submissions.
- I authorize release of all information necessary to secure payments of benefits.
- I understand that Island Health Care may use data developed for and/or provided by clients to determine general characteristics of the communities it serves and that none of this information will in any way identify individual clients.
- I may request a copy of IHC Patient Rights and Grievance Resolution process.
- I authorize retrieval of prior medical records from the Previous Primary Care Provider identified on Registration Form.

I certify that the above information is true and correct.

Patient Signature: \_\_\_\_\_ Date: \_\_\_\_\_

General Information: Informed consent will be obtained from all patients accessing medical, behavioral health, and/or research services/activities. Informed consent is not merely a signed document. It is an ongoing process that considers patient needs and preferences, compliance with law and regulation, and patient education.

The patient and/or family, as appropriate, are given information about:

- The patient's condition;;
- Proposed treatments, procedures, or research activities;
- Potential benefits and drawbacks of proposed treatments or procedures;;
- Problems related to recuperation;;
- Alternative treatment(s) or procedure(s);;
- The physician or other practitioner primarily responsible for the patient's care;;
- Others authorizing or performing procedures or treatments; and
- Any business relationships among individuals treating the patient, or between the organization and any other health facility.
